Pool Queue

CLUB MANAGEMENT SOFTWARE

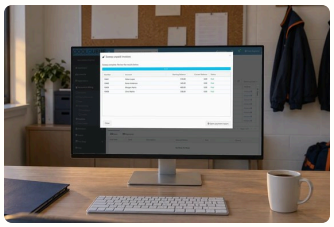

Your whole club, one system.

Pool Queue is club management software for swim teams and sports clubs, with registration, payments, meets, and your website in one place.

01 A week at any club

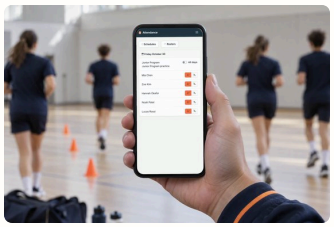

The office, the coaches, and the account holders work in one system, whatever the sport.

MORNING. THE CLUB OFFICE

The week starts in the office

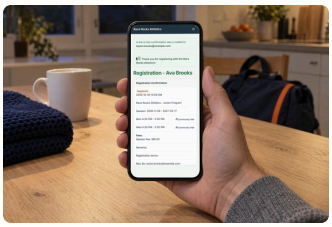

Invoices go out on schedule, and collecting what's owing takes one step.

AFTERNOON. PRACTICE

Practice runs from the coach's phone

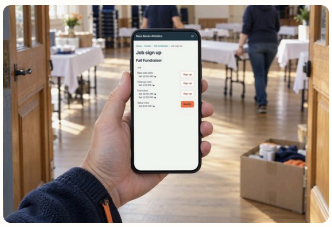

Know who's here, so practice can begin.

EVENING. THE KITCHEN TABLE

Sign-up and payment, from home

Account holders register and pay from their phone, any evening.

SATURDAY. THE EVENT

Saturday runs on volunteers

Volunteers claim their own shifts and get a reminder before the day.

02 What Pool Queue does

From registration to results, in one system.

Registration and billing
Members register online for seasons, sessions, and programs, and fees turn into invoices on the day you choose.

Payments
Account holders pay by card or bank account, and staff collect what is owing in one step.

Reports and finance
Finance, registration, event, and volunteer reports, with accounting mapped to your chart of accounts.

Events and volunteers
Events open to the groups you choose, and volunteer shifts with sign-up, reminders, and points.

Communication
Email rosters and groups, and reach members with push notifications and site notices.

Club website and app
A club website with member-only pages on your own domain, and an app members install from it.

Pro shop
An online store for club clothing and equipment, in sizes and with names added, billed to the account.

Meets and results SWIM CLUBS
Load a meet's events from its event file, enter swimmers, import results, and keep best times and records.

Coaching tools
Attendance from a phone, and skills assessments that show who is ready for the next group.
